GUARDSMEN GET PAY AND MORE RECRUITS

Three enlistments were made in Battery C, 239th Field Artillery Battalion last week before recruiting was temporarily halted by the signing of the draft bill, Captain Rudolph Michalka reported Tuesday, and for the first time other cities in the county are represented in the local unit.

The new Guardsmen are: James M. Caywood, a theater projectionist living in Rockdale, Bose Emmett Robinson, a student living in Minerva, and Robert E. Moss, a bricklayer residing in Hearne.

Capt. Michalka also reported that Battery C had another payday during last Tuesday evening's drill period at the armory. A total of \$793.00 in checks was distributed to officers and enlisted men of the unit. This amount was for National Guard drill pay alone, Capt. Michalka pointed out, and was exclusive of approximately five hundred dollars more paid out during the period.

CONSTRUCTION TOTALS FADE WITH SUMMER

Construction totals in Cameron lagged with summer heat and figures released at the office of W. H. Stafford, city secretary, showed that in June the sum was only \$8,161.32.

Despite the loss in June the totals for 1948 are higher than for 1947. Construction jobs in June were largely for repairs and small structures.

An encouraging note in the building trades picture here is the increasing supply of materials. The shortage has been eased somewhat over a wide area.

Cameron, like all other cities, is far behind on building and the future holds much expansion.

VIRGINIA INSTRUCTS FOR HIS NOMINATION

WASHINGTON, July 2—The movement to dump President Truman and draft Gen. Dwight D. Eisenhower for the Democratic Presidential nomination snowballed today.

While it gained momentum, a mutual friend of the two men, former RFC Director George E. Allen, was reliably reported trying to get the General to issue a final statement on whether he would accept the nomination if "drafted."

In the absence of such a statement, many Democrats operated on the theory that the former Army Chief of Staff, now president of Columbia University, wouldn't refuse a draft.

Virginia Democrats at a tumultuous State convention instructed their 26-vote delegation to the Democratic National convention to support Eisenhower for the nomination.

Georgia Democrats in State convention roared approval of a resolution calling upon President Truman to withdraw as a candidate and appealing to Eisenhower to agree to run.

Jacob M. Arvey, Chicago Democratic leader, said he would attend a "Draft Eisenhower" meeting of influential Democrats in the John Bartram Hotel at Philadelphia July 10, two days before the Democratic National convention meets. He said the meeting was called by James E. Roosevelt, son of the late President Roosevelt and Democratic national committeeman for California.

Jeremiah T. Mahoney, a New York delegate to the convention, released a letter he wrote to State Chairman Paul E. Fitzpatrick saying that Mr. Truman could not possibly be elected and urging an Eisenhower draft.

The Virginia Democratic convention adopted its draft-Eisenhower resolution after Senator Harry F. Byrd, one of the most powerful political leaders in the South, urged support of the General.

Mr. and Mrs. Claude Robinson had as house guests for the holidays: Mrs. V. P. Ethridge and daughters, Joan and Barbara of Houston, Mrs. Annie Wilson of Houston, Mr. and Mrs. C. O. Weise and children of Kingsville, Mr. and Mrs. O. F. Chapman of San Antonio, Mr. and Mrs. C. R. Moon of Austin, Mr. and Mrs. Stefni of Galveston and Mr. and Mrs. C. B. Robinson of Galveston.

Ballots Delivered; Absentee Voting May Now Begin

Ballots for the July 24 Primary election have been delivered to the keeping Homer Nabours, county clerk, and absentee voting may now begin.

The first date for casting an absentee vote was July 4 and the last date will be July 20.

To cast an absentee vote a voter who will not be at home on election day may write for a ballot to be mailed him or he may go in person to the office of the county clerk and there cast his vote.

Persons who are ill, infirm or for other reasons cannot go to the polls on election day may cast their vote in the presence of a notary public, first securing a doctor's certificate.

Dr. Newton Due Out By July 12 Records At Prison Disclose

HUNTSVILLE, July 6—Dr. W. R. Newton of Cameron is scheduled to be freed from prison on July 12, a penitentiary official said today.

Dr. Newton, who received his fifth 30-day commutation of sentence yesterday after he donated blood to a fellow prisoner, is serving a two-year sentence for assault on murder Dr. Roy Hunt of Littlefield in May, 1942.

J. C. Roberts, record clerk, told the United Press the latest commutation means Dr. Newton would be released July 12.

He added that an official copy of the commutation issued by Governor Beauford H. Jester in Austin yesterday had not reached the prison, but expected it late today or tomorrow.

Dr. Newton thus will have served less than one year actual time in the penitentiary since prison doors closed on him Aug. 1, 1947.

The Governor took his action yesterday on recommendation of the State Board of Pardons and Paroles.

(The Associated Press said Abner Lewis, chairman of the Board of Pardons and Paroles, fixed Dr. Newton's release date "somewhere between July 9 and July 15.")

Grand Jury Meets Here Wednesday

Grand Jury in District court convened here Wednesday morning and were sworn in by Judge John Watson, district Judge.

The jury went to work at once and indications were the session would be a busy one with a large number of witnesses on hand.

A complete report will be published when available.

Holiday Week End Death Toll Is 571

If the American people were attempting mass suicide they could not do better than to disregard safety rules on dates of celebration or on any other dates.

Over the July 4th week end the death toll in the United States was 571 persons. It was the third worst in 20 years. Final survey shows that 306 died in traffic accidents, 192 were drowned, fireworks took 4 and others found ingenious ways to die totaling 69.

Mrs. Joseph Common From Los Angeles, Is Visiting Parents

Mrs. Joseph J. Common of Los Angeles, California, is at home visiting her parents, Mr. and Mrs. Frank Marak in Cameron.

Other guests in the home are Mr. and Mrs. Floyd Dimmock and eight year old daughter, Susan Carol of Bakers Field, California. Mrs. Dimmock is also a daughter of Mr. and Mrs. Marak.

Mrs. Common has not visited her old home here in seven years. She came home by air and enjoyed the flight. She is a reader of The Herald and praised its editorials, saying she always looks forward to the arrival of the home town paper.

Mrs. Common is employed with dental clinic of Dr. L. C. Hauser of Los Angeles.

While in the city on Saturday Mrs. Common and Mrs. Dimmock visited in the Herald plant for a few minutes. They plan to return to their homes in a few days after two weeks visit here.

Mrs. Graham Gillis visited in Waco this week.

MILLER SPRINGS DAM WORK IS NOW ASSURED

Preliminary work on the Miller Springs Dam site, on the watershed of Little River and a part of the Brazos Flood Control program, was included in a bill signed by President Truman Friday.

The appropriation for the Miller Springs Dam work amounts to \$500,000 and work can begin this summer if the Army Engineers elect. The final approval of the bill, reported progressively in this newspaper, represents a long and successful fight by a small group of central Texans.

Oxshier Smith, president of Citizens National Bank in Cameron, and member of the Brazos Board of flood control and conservation, has been active for a number of years. He is a member of the committee of the Board on small dams and the appropriation of a half million dollars for the Miller Springs project, was an especially pleasing development.

The bill approves 621 million dollars, some 20 millions for work in Texas, Louisiana and Arkansas.

The Miller Springs Dam is the first step in the long range plan to harness Little River, largest tributary of the Brazos. The dams will impound waters, be so controlled as to permit normal flow of the rivers and provide waters for irrigation and for industrial uses.

JOE BATLA FUNERAL HELD HERE MONDAY

Joe Batla, 77, a native of Colorado county, died at his home at Yarrington on July 3 at 1 a. m.

Mr. Batla was born in Columbus on January 9, 1871.

Funeral services were held on Sunday, July 4 at Oak Hill Cemetery in Cameron with the Marek-Burns Funeral Home directing arrangements.

Mr. Batla had been a resident of Milam county for a number of years and was widely known as a citizen and farmer. He had been in ill health for a long time.

Surviving are two sons Raymond J. Batla of Cameron and Louis F. Batla of Waller; two brothers, Will Batla of Buckholts and Tom Batla of Houston and one sister, Mrs. J. W. Marek of Burlington, also survive.

2 OFFICERS ASSIGNED TO THE CAMERON AREA

The Texas Highway Patrol announced for assignment here some time ago has established headquarters in Cameron.

Jack Gaines and Jack Higginbotham have arrived here and both have secured homes for their families. Both are now on duty and have been given a fine welcome by the people of Cameron.

Officers here were glad to welcome these fine young men for duty on the traffic lanes.

Mr. Gaines is a young recruit to the Highway Patrol, having recently completed the training courses given by the Department and Cameron is his first assignment. He is married and Mrs. Gaines has arrived in Cameron.

Mr. Higginbotham was recently transferred to Cameron from Hearne and has been with the Department for some time. He is married and has one small daughter and Mrs. Higginbotham and baby have arrived to make their home.

Both will be on duty Sunday and Monday because of the press of traffic incident to the observance of Independence Day.

BANK RESOURCES ARE OVER EIGHT MILLIONS

Cameron bank resources are around eight and a half million dollars according to statements just published reflecting the condition as of June 30.

The banks have loans totaling \$1,175,391. The banks here have on deposit a total of \$6,948,466.

Generally loans have increased since the January statement. Deposits have gone down in most banks over the country since peak war days, which was only natural. The banks have combined cash amounting to more than four and a quarter million dollars.

3 NATIONS SEND THE KREMLIN A WARNING

WASHINGTON, July 7—The United States, Britain and France today called on the Russian government itself to lift the blockade of Berlin. They warned the Kremlin that the western powers take an extremely serious view of the German crisis.

At the same time the western nations began a series of conferences designed to produce a formula for American military support to the western European union.

The double-punch technique employed by Secretary of State Marshall in the two latest moves in the cold war possibly was arranged to impress this upon the Soviets: The western powers are determined not to back down in Berlin or anywhere else but rather to get about the job of organizing their own strength without further delay.

The three governments agreed that they would send separate but similar notes to Moscow. This allowed the French, if they wished, to soften the wording of their declaration—and the United States to take as tough a position as it desired.

Marshall summoned Soviet Ambassador Alexander S. Panyushkin to his office at 9 o'clock (CST) this morning. Panyushkin, just back from a weekend in the country, sent word that he would be unable to get there until 9:30. He was escorted into the office by State department counselor Charles E. Bohlen, who speaks Russian and is one of Marshall's top experts on the USSR.

FLOOD CONTROL SURVEY ON BRAZOS IS BEGUN

FIRT WORTH, July 1—A flood control survey of the Brazos river watershed was started today by the water conservation division of the Soil Conservation Service of the federal government.

It is being conducted by A. H. Bean, soil conservationist, stationed here. It will seek to determine flood damages and means of reducing them.

The survey is preliminary to a program of flood control by the department of agriculture to determine whether benefits will justify measures needed to reduce flooding and sedimentation of bottomlands.

The recommended program will be designed to fit in with the program of large structures proposed by the Brazos river conservation and reclamation district and the program of the U. S. Corps of Engineers.

The 640-mile long Brazos drains 45,000 square miles from Clovis, N. M., to Freeport Harbor on the Texas coast. About 2,000,000 acres of bottomlands are flooded periodically. Most of this bottomland area is in the main valley of the stream but there are large areas of lands subject to flooding on the Navasota river, the Clear Fork of the Brazos, and along Mill, Yegua, Aquilla, California, Pond, Duck and other tributary creeks, Merrill explained.

Information needed to determine the measures best suited for the flood control program on the Brazos will be gathered by the survey group.

Social Security Man Due Here July 13th

Residents of Cameron and vicinity who wish information concerning Federal Old-Age and Survivors Insurance should contact the representative of the Austin Social Security Office who will be at the Old Age Assistance Office in Cameron on Tuesday, July 13, 1 p. m.

The service is established to give persons of this area an opportunity to file benefit claims, obtain new and duplicate Social Security Cards, and check their wage records. Dates of future visits will be announced later.

VESSELS SAIL UNDER SECRET ORDERS TODAY

ISTANBUL, Turkey, July 6—Acting on urgent orders, American warships sailed out of Istanbul and Naples harbors under forced draft today with their destination a mystery.

Varying reports had them headed for Palestine and Trieste, both of them Mediterranean trouble spots, and Crete.

(In Washington, the navy said the ships' departures have "absolutely nothing to do with Palestine.")

Four units, including the escort carrier Palau, broke a short visit here and sped toward the eastern Mediterranean. Four other warships left Naples after receiving secret orders.

One informed source here refused any specific information, saying only that the navy decided it would be wiser if the ships were at sea. He refused to comment on reports that the departure was caused by a "serious breach" of the Palestine truce and that evacuations might be required.

Three cruisers of the sixth task fleet, commanded by Vice Admiral Forrest P. Sherman, sailed this morning shortly after the Palau lifted anchor.

Informed sources said the cruisers Dargo, Huntington and Juneau had orders to lie off the island of Crete "awaiting developments."

The ships had been scheduled to leave tomorrow but Adm. Sherman changed his plans following receipt of what was described as several urgent cables from the U. S. Atlantic naval command in London.

GOVERNOR GIVES HIM FIFTH COMMUTATION

AUSTIN, July 5—Dr. W. R. Newton of Cameron today won another 30-day reduction in sentence for a blood donation, and the physician's release from the penitentiary apparently was near.

It was the fifth 30-day commutation given the Cameron physician serving a two-year sentence for assault to murder on Dr. Roy L. Hunt of Littlefield in 1942.

When Dr. Newton's fourth commutation was given in June the State Prison Record Bureau at Huntsville said July 30 was the date when he would be released.

The warden's office at Huntsville told The Associated Press that Dr. Newton was still in prison late today, and no orders to release him had been received. The record bureau was closed.

Governor Beauford H. Jester granted Dr. Newton and 30 others the customary 30-day commutation for donating approximately one pint of blood each to indigent patients at the M. D. Anderson Hospital for Cancer Research at Houston.

Dr. Newton had given blood once before to the hospital and three times to fellow prisoners.

The Governor's action was on the recommendation of the Board of Pardons and Paroles. Dr. Newton started serving his sentence Aug. 1, 1947.

The day before Dr. Newton started serving his sentence he wrote Governor Jester saying he was going there "to pay a debt I do not owe." He said he was the victim of mistaken identity in being linked with the pistol assault on Dr. Hunt.

Mr. and Mrs. August Horelica visited August Zarta from Chicago Ill., in the home of his parents, Mr. and Mrs. Robert Krenek of Taylor, Tuesday. Mr. Barta is spending his vacation here with his family and relatives. He plans to return to his home in Chicago soon.

DRUNK DRIVER WHO KILLED 2 IS LOOSE

Ike Flowers is a free man.

Governor Beauford Jester announced Tuesday he had granted a conditional pardon July 1 to Flowers, who was convicted here on a murder without malice charge in the auto death of Miss Elizabeth Phillips of Bellmead. He was released this week from the State Penitentiary after serving approximately 13 months of a two-to-five-year sentence.

Flowers, a night club operator at the time of the accident, was accused of driving while under the influence of intoxicating beverages when his auto fatally injured two girls as they were walking to church. A third was seriously injured.

A conditional pardon may be revoked by the Governor whenever provisions set forth in it are violated. The pardons are sometimes referred to as "good behavior releases."

Gene Maddin, present District Attorney, and Stansell Bryan, District Attorney at the time of the trial, said they had not been consulted prior to the pardon. Sheriff C. G. Alexander also said he had not been contacted.

Normal procedure, Maddin said, is for the Board of Pardons and Paroles to ask for recommendations from local officials when clemency is considered—Waco News-Tribune.

HIGHWAY WRECKS ACCOUNT FOR 19

Texas paid dearly in life in celebrating the three-day 4th of July holiday period, at least 33 of them dying violent deaths from various causes.

Hundreds of others were injured, mostly in auto crashes.

Traffic accidents, as usual, took the heaviest toll, 19 persons having died from this cause up to early Monday evening. This is six less than the 25 the Texas department of public safety predicted would die going to and from their favorite holiday spots.

The other 20 deaths were from various causes. At least a half dozen slayings and suicides, most of them not directly connected with the holiday, were recorded.

Only one drowning was reported, amazing in view of the fact that thousands swarmed beaches, lake and river shores and swimming pools during the three days. The lone victim from this cause died in Eagle Mountain lake near Fort Worth.

There were plenty of firecrackers popping, but no deaths occurred from this cause.

FUNERAL SERVICES FOR MRS. OXSHEER SMITH

(From the Daily)

Funeral services for Mrs. Oxsheer Smith, 38, were held at 10 a. m. Thursday, July 1 at the family residence at 204 North Jackson Avenue.

Mrs. Smith died shortly after 10 a. m. Wednesday at the home where she had been ill for a long period of months.

Rev. Wade W. Brown, pastor of the First Episcopal Church in Cameron, conducted the services, an impressive crowd of the church as hundreds of close friends of the families thronged the old red brick mansion and grounds.

Mrs. Smith was born in Gardiner, Maine on November 4, 1889. As the wife of Oxsheer Smith, prominent young banker of Cameron, she left

her ancestral home in New England and came out to Texas. They were married in Gardiner on June 27, 1914.

Shortly after the home services the body accompanied by the funeral cortege boarded a Missouri Pacific train at Wilcox for the long journey to Gardiner where final services were to be held on Sunday, July 4 in Christ Episcopal church. Interment will be made in the cemetery in Gardiner. The Marsh-Burns Funeral Home in Cameron directed local arrangements.

In the funeral party are her husband and only immediate survivors, Oxsheer Smith, President, Citizens National Bank, the mother, Mrs. Ruth A. Thomas and son, William Thomas, and Gertrude Smith of Waco, regent of the Cameron chapter. Both Mr. Thomas and Mr. Smith will be paid leave at the church and interment services in Gardiner.

Paul Weaver at the Cameron services was W. G. Weaver, active vice-president of Citizens National Bank, F. C. Fahrenkrantz, J. C. Martin, E. F. Robinson, Sam McDermott, William P. Peacher, Stanley Swift and Henry Steiman.

A more complete biographical account will follow on Friday.

ESTER SAYS TEXANS WILL DEBATE CHOICE

Governor Benford Ester may support General Dwight Eisenhower at the coming Philadelphia convention, he indicated strongly in Austin Wednesday.

Sentiment for General Eisenhower was rather strong in Texas and it is known that some members of the delegation favor his nomination.

Governor Benford E. Ester, chairman of the Texas delegation, said "We'll take it up at a caucus at 2 p. m." on July 11 at Philadelphia, the day before the convention opens.

Ester's announcement followed a statement from Mobile, Ala., by L. Eady Ellis, that State's chairman-designate, that the Alabama delegation will yield to any state which will nominate "Eis".

Ellis said that Alabama "might pass to Texas" if its delegation wanted to nominate the General.

"No man can forecast," Ester commented, "what the action of the delegation will be."

However, he added, "A good many of the (Texas) delegation are known to be for Eisenhower."

"I am certain that General Eisenhower will be nominated whether he changes his present stand (against running for President) or not," Ellis said. "I don't believe Truman's name will go before the convention."

Newman Hood of League City was accompanied by Miss Catherine Monroe and sang "Because" and "I Love You Truly."

Mr. and Mrs. Ben Deen had as a week and guest their son David who is working at McCloskey Hospital in Temple.

Coral Snake Killed At Salem Tuesday

The Coral snake, most beautifully colored of all the reptiles, is not numerous and when seen here, creates more than the usual of interest.

Oscar Kerns of Salem killed one on Tuesday and brought the snake to The Herald where it will be on display for a limited time. The snake has been placed in a jar of alcohol.

Variously called thunder snake, jointed snake, garter snake, this reptile is black, red and yellow ringed and most unusual and common to Texas.

SHEER TRAVEL MAGIC

THIS is the Buick America's car buyers are buzzing about. This is the one with travel magic flowing all through it.

This is the ROADMASTER with Dynaflo Drive*—where Main Street's dense traffic, the inviting open road and the long, stretching hills are bossed with equal ease by a one-touch.

What's Different About DYNAFLO DRIVE*?

Is an efficient new pump (left above), Buick engineers have added a true turbine (right) and an ingenious new supercharging assembly (in hand) which produce a torque-bursting action in starting and accelerating. The result is the first device on any American passenger car which employs liquid to fill the function of both the clutch and the usual low, second and high gears. The clutch pedal is eliminated and a simple control gives you manual selection of power ranges and direction.

*Optional on other Buick Roadmaster models.

Here you let your left foot idle comfortably wherever you wish—there's no clutch pedal to push, ever.

Here your mind's free completely of remembering when to shift—no gears ever shift anywhere in the car.

Here, you glide over ground and grades in swift and utter smoothness as constant and unbroken as Niagara's flow.

For here you have the only passenger car in America where liquid replaces both the usual clutch and the low-second-high gear sequence of conventional transmissions.

When better automobiles are built

BUICK

will build them

Here you sit in blissful ease while the power plant itself meets and masters the thousand and one situations that come up in travel.

Gentle grades, steep hills, long straightaways, stop streets—once your lever's set, you simply step on the gas—and take them all in liquid-smooth luxury!

Does all this sound fabulous? It is.

So fabulous that folks are signing up in droves for the '48 fashion plate with this new-wonder drive.

So to take command of this traveler-touched-with-magic, come see us quickly and get your order in.

We'll take it in sequence whether or not you have a car to trade.

BUICK alone has all these features

- * DYNAFLO DRIVE (Optional, Roadmaster Series)
- * TAPE-THRU STYLING (Street and Roadmaster)
- * FLEX-IT OIL RINGS

MRS. J. D. HARRIS DIED AT HOME HERE

Mrs. J. D. Harris, 61, died at her home near this city Wednesday morning, June 23. She had been in ill health for a long period of time.

Mrs. Harris was a native of Washington county, born September 21, 1886.

Funeral services for Mrs. Harris were held at 4 p. m. Thursday, June 24 from the Chapel of the Green Funeral Home with Rev. L. L. Morris, pastor First Baptist Church, conducting. Interment was made in Marlow Cemetery.

Surviving are two daughters, Mrs. James R. Gregory and Mrs. Morris Coward of Cameron, two sons, Lawrence Harris of Cameron and Julian Harris of Waco. Three grand children also survive. Her husband the late J. D. Harris died in 1936. One son Sgt. James Thurston Harris, was killed in action in the fighting in Italy in 1944.

In addition to the survivors above two sisters, Mrs. C. N. Payne and Mrs. Eddie Allison of Cameron and two brothers, Ernest H. Walston of Cameron and Herbert Walston of Rosebud.

The deceased was married to James D. Harris on April 5, 1911. She became a member of the Marlow Baptist Church at an early age and lived consistently a loyal member all her Christian life.

Two Negroes Sought In Slaying Near Giddings Sunday

BRENNHAM, July 5—Officers today searched for two Negroes who, they said, fatally shot and robbed I. Z. Nichols, 53, of Comanche near Giddings yesterday.

Nichols, who was found wounded just off a highway east of Giddings, died in a Brenham hospital today.

Officers said the Negroes helped Nichols sell peaches from a truck here Saturday and at a 4th of July celebration at Giddings yesterday. They said Nichols was returning the Negroes to Brenham when attacked.

The Negroes were reported to have fled in a maroon colored Mercury.

DEBRA ANN SIMANK IS IN CHILDRENS HOSPITAL

Polio has struck twice in one Cameron family.

Debra Ann Simank, 5 year old daughter of Mr. and Mrs. Clarence Simank was taken to Childrens Hospital in Waco Sunday. She is the second victim in the family, her brother Dickie Simank having been stricken with Polio earlier in the week and taken to Waco for treatment.

Dr. J. L. Walker said early Monday that all cases developing known symptoms of the disease are taken immediately to the Waco hospital for treatment. This has seemed to bear out well since all the patients from Cameron are doing well. Only one fatality has resulted thus far.

All cases sent to the Waco hospital have been found to have Polio. Tandy Wilkerson, first victim, has done well and is expected home the latter part of the week.

Robert McLane, 4, and Catherine, 18 months, children of Mr. and Mrs. Edwin McLane of Cameron are both in the Waco hospital, making two from that family. Another son became ill Saturday but friends will be glad to know that he does not have Polio, only a tonsil infection.

OVER 3 INCHES ARE RECORDED IN WEEK

Cameron received 1.03 inches of rain on Thursday to bring the total to more than 3 inches within the week.

The rains have not been general but wherever they have fallen they have saved crops and vegetation generally. At the present time cotton is needing rain badly.

The rainfall in the city may be taken as an indication of similar showers in the immediate area.

Encouraging reports have been received from other sections of the county and central Texas. Forecasts for Saturday were encouraging with some relief from the high temperatures earlier in the week.

The rain late Thursday was accompanied by high winds but no damage has been reported.

Mrs. W. T. Busselle of Houston spent a few days with her sister, Miss Myrtle Hinton and mother of Cameron.

Mr. and Mrs. Henry Lippman and nephew Benard Hatch left for an extended vacation trip to Quebec, Canada the first of this week. They will visit a sister of Mrs. Lippman's in Detroit.

H. D. Council

The Milam County Home Demonstration council met Wednesday, June 23 at 2 p. m. in the Lutheran church in Rockdale.

Council was called to order by Mrs. J. B. Sapp, chairman.

Mrs. Pete Keen of Forest Grove Club had charge of recreation.

There were four presidents, four delegates, one visitor and six council officers present.

Delegates will be elected at July council to attend the State THDA meeting in Temple in October.

Mr. and Mrs. R. G. Grabein and daughter, Nancy Lou left Friday on their vacation. They will visit in Colorado Springs, Cheyenne, Wyoming and Montana.

Mrs. V. A. Kubecka visited her son and wife, Mr. and Mrs. Leroy Kubecka in Dallas the past week end.

NOW OPEN TO HIGH SCHOOL GRADUATES

THIS is important news to every young man from 20½ to 23 who has graduated from high school or who can pass equivalent education examinations. Under a new ruling, you may now enlist in the U. S. Army for the specific purpose of attending Officer Candidate School, provided the quotas are not filled.

You must be a citizen of the United States, and a man of high moral character, able to meet the necessary physical requirements.

To take advantage of this unusual privilege, you may submit your application to the Commanding General of the Army area in which you live. If you are selected, you will be enlisted in the Army as Staff Sergeant. If you have not had basic training or its equivalent, you will be given this training before entering Officer Candidate School.

If you are a successful candidate, you will be commissioned as Second Lieutenant in the Officers Reserve Corps and placed on active duty for two years, during which time you may compete for a Regular Army Commission. Should you fail to complete the course successfully, you will be released from the Army.

The opportunity to qualify for Officer Candidate School is, and has been, open to men in the Army. But never before during peacetime has such a remarkable opportunity to become a commissioned officer been open to civilian high school graduates. Get all the facts about it today at your U.S. Army and U.S. Air Force Recruiting Station.

Say They Have Been Neglected; Ask For Street Improvement

Claiming they have been long neglected and that as tax payers they are entitled to have streets repaired in their neighborhood, 19 property owners went before the city council on Tuesday night, headed by W. D. Faver.

The complaint is about conditions on East 7th Street. Here is the petition and the people who signed it:

To: The honorable Mayor and Aldermen of the city of Cameron.

The undersigned citizens and tax payers living on East 7th Street, do hereby petition the Mayor and Aldermen to give some consideration to the needs of East Seventh Street, in the way of culverts and ditches, sufficient to take care of the rainfall. To our knowledge there has been practically nothing spent on East Seventh Street for ten years.

We would like to see a little of our tax money spent on this street.

Signed:

W. D. Faver, Mrs. W. D. Faver, Dr. D. P. Smith, Mrs. D. P. Smith, C. L. Lively, Mrs. C. L. Lively, J. J. Martin, Mrs. J. J. Martin, J. L. Foster, Jr. Mrs. J. L. Foster, Jr., Rev. H. M. BE ALIVE ON FIFTH BY BEING CAREFUL

Be Alive on the Fifth!

That was the advice to holiday motorists offered today by Colonel Homer Garrison, Jr., Director of the Texas Department of Public Safety.

Many persons who start out to celebrate the Fourth of July this year won't come back, W. J. Elliott, Chief of the Texas Highway Patrol said—if the holiday accident toll runs true to form.

"The Fourth of July usually is the summer's most dangerous holiday, and this year promises to be no exception," he said. "A three-day holiday, an upward trend in vehicle mileage, prosperous times—all these add up to a big celebration and a huge toll of dead and injured unless we all make it our business to do something about it."

In pointing out the perils of the Fourth of July celebration, Chief Elliott emphasized the danger of speed, which contributes to two out of five fatal traffic accidents.

"Speed Kills—Take It Easy" will be the slogan of a month-long program sponsored by the Texas Highway Patrol as the July theme of "Operation Safety," a continuing traffic safety education campaign directed in Texas by the Texas Highway Patrol and nationally by the National Safety Council.

"We can make our July effort pay big dividends in lives saved by getting off on the right foot during the Fourth of July holiday," said Captain Herbert Weeks of the Austin Office of the Texas Highway Patrol. "Then if we can keep up the good work throughout the vacation season of heavy travel, we can make a big dent in this year's traffic toll."

These tips were offered to holiday drivers:

1. Start your trip a little earlier so you won't be tempted to speed. Take it easy on the Fourth—be alive on the Fifth.
2. Don't drink if you drive.
3. Don't cut in and out in heavy traffic. Stay in line until passing is safe.
4. Drive as if your life depended on it—because it does.

TEXAS DELEGATION IS LEFT FLAT BY GENERAL

Texas' delegation to the Democratic National Convention was left in the air today by the announcement of Gen. Dwight D. Eisenhower that he "could not accept nomination for any public office."

The announcement of the Texas-born war leader came just as the Texas delegates, anti-Truman to the last ditch, got ready to place the State's 50 convention votes squarely behind him.

The big question today was which way will the Texas delegation turn? And political observers said the answer probably would not be forthcoming until an anti-Truman caucus is held in Philadelphia next Saturday.

This is the week the Texans shove off for the East. Part of them are going on a "Katy" special—six Pullmans, a lounge car and a diner, which leaves Dallas Thursday night. Another group leans to the Missouri-Pacific-Sunshine Special sleepers to be attached to the train at Longview Thursday night.

The leaders of the Texas delegation—Governor Beauford H. Jester, National Committeeman Wright Morrow and Democratic State Chairman Robert W. Calvert—had agreed that anti-Truman Texas would go for Eisenhower in a big way.

Calvert had suggested that a ticket of Eisenhower and James A. Farley would get enthusiastic national support.

Interest in the clouded Presidential picture tended to overshadow the slugging match going on at a grassroots level among the three "big" U. S. Senatorial candidates—George Peddy, Lyndon B. Johnson and Coke R. Stevenson.

Peddy let loose a double-barreled blast in a Dallas radio speech last night.

Stevenson became "Trader Coke" and Peddy suggested that, in return for endorsement by the Texas Federation of Labor, the former Governor had made "an undercover agreement to vote for repeal of the Taft-Hartley bill."

He did not call Johnson by name, but, obviously was referring to the third major man in the field when he talked about "a Johnny-Come-Lately who was raised in a bureau drawer in Washington." Labor was Peddy's principal issue. He said Johnson had CIO support and assistance from Henry Wallace in his unsuccessful bid for the Senate in 1942.

Miss Mary Fanning recently entertained the Young People's B. T. U. of First Baptist Church with an ice cream supper at her home. J. R. Young, sponsor of the B. T. U. donated the cream.

SUNDAY AND MONDAY, JULY 11 and 12

MRS. OXSHEER SMITH DIED HERE WEDNESDAY

Funeral services for Mrs. Oxsheer Smith will be held in Gardiner, Maine on Sunday, July 4.

In services held at the home in Cameron at 10 a. m. on Thursday July 1 friends said farewell to her, remembering with singular affection her 34 years of life in Cameron as the wife and beloved companion of her husband, Oxsheer Smith, widely known Texan and President of the Citizens National Bank.

Mrs. Smith died at the family residence in Cameron shortly after 11 a. m. on Wednesday, June 30, 1948. She had been ill for many months and although her condition was known to intimate friends of the family, her death came with more than the usual of heartbreak among the people here for she had been so much a part of the civic and social life of the community that her passing brought deep and depressing sorrow.

Rev. Meade W. Brown, Rector of All Saints Episcopal Church in Cameron, read the impressive ritual service for the departed, at the home at 1004 North Jackson Avenue, at 10 a. m. Thursday, July 1. In a touching tribute to her, the minister recounted well her devotion to the church, to her friends here and the

life she had lived from the days as a bride when she left her ancestral home in New England to join her husband under Texas skies. The throng of friends from over the state gathered at the rich red brick mansion for the service were deeply moved as only those who knew the ennobling influences she had brought into the life of her bereaved husband and family could fathom a loss so great.

The procession moved out from the spacious grounds of the home and proceeded to Milam where the funeral party accompanying the body to Gardiner, Maine, took a Missouri Pacific train for the long journey to the old home of the deceased. Final rites were to be had at 4:30 p. m. Sunday, June 4, 1948 in Christ Episcopal Church in Gardiner with interment in the family cemetery.

In the funeral cortege are her husband and only immediate family survivor, Mrs. Rush A. Thomas, Hilliard Thomas and Goodhue Smith, both nephews of Oxsheer Smith who will be among the pall bearers at Gardiner.

Mrs. Smith, the former Marion D. Swift, was a native of Gardiner, Maine, the daughter and only child of the late Charles F. Swift and Emily Dingley Swift, prominent New England pioneers. Mrs. Smith spent her early childhood in Gardiner and attended college in Wesley, Massachusetts. On June 27, 1914 she married Oxsheer Smith in Christ Church, in Gardiner, Maine. She was then 25 years old.

Their marriage culminated a romance begun in Cameron a short time before when she came out to Texas to visit with the late Mamie A. Hefley who was then looking after investments in Milam county lands made by the Swift family. Mrs. Smith, then as always the charming young woman, had occasion to go to the bank and there met Mr. Smith who was beginning his career as a banker. It was love at first sight and they were married shortly after.

In their marriage two prominent and historic families were joined. Mr. Smith's forebears were in Texas before the revolution, his grandfather on his father's side of the house, came with other adventurous spirits to join Sam Houston's army in the struggle for Texas Independence. The late Hilliard Smith, father of Oxsheer Smith, planter and large land owner, established the Citizens National Bank.

The late W. W. Oxsheer, for whom Mr. Smith was named, came to Milam county before Texas was admitted to the United States, settled on Little River, building a log mansion in the wilderness, still standing in a bend of the stream on a tract of land still owned by the family.

Oxsheer Smith, then a young banker, was later to become one of the best known and most influential men in Texas in financial and other circles. It was his moving genius that saw the growth of his bank to become the largest inland financial institution in Texas and it remained so for many years. It was an appreciation of him as a citizen, a Texan and business executive, as well as bereavement over the loss of his wife and companion that prompted a friend to write on Wednesday, in part as follows: "We are never ready, or fortified fully, against the numbing blow of so great a loss. Even though understanding often escapes us, the spark within happily does not quench. Struggle as we may, the inventory from the storehouse of words, long adequate for other occasions, never quite fit in to convey what we all feel under such depressing circumstances. That you may know in this hour of sorrow, how burns the flame of sympathy, I send you this message, hopeful to do what I may to assure you of our bereavement. Your loss is immeasurable as we know, for laying away our dreams is a grievous thing. Strength will find its inevitable consolation, even in the deepening shadows."

Mrs. Smith became a part of the social and civic life of the community as circumstance of her high position demanded. Among her social activities she was a member of the Cameron History Club, a charter member of the Bridge Club, the city's first such club, the Auction 42 Club, Wednesday Bridge Club and Couple's Night Supper Club. Her church membership was never moved from Christ's Church, Episcopal in Gardiner. A characteristic devotion to her husband, led her to worship through the years here at First Methodist Church where he has been a member of the Board for a long time.

Of a life so useful, a devotion so great, she best loved her home, built for her by her devoted husband. This home, one of the finest in central Texas, was the fulfillment in major part of her domestic dreams as to it began her life in Texas and to it she devoted the years. She was interested in antiques and the home here reveals the extraordinary discrimination she put into its furnishings, much of the furniture and other items brought down from her New England home and to these she added through the years many things that

enriched the spacious dwelling.

Mr. and Mrs. Smith, a few days before her death, quietly observed their 34th wedding anniversary at home where she lay critically ill. One of the best remembered social events in Cameron's long history was the observance of their 25th Wedding Anniversary as they received hundreds of friends on the lawn of their home, she wearing the scintillating wedding gown from her wedding in 1914 in Christ Church in Gardiner.

Surviving her are her husband, Oxsheer Smith of Cameron; and the following cousins: Mrs. Norman Fleming of Los Alamos, New Mexico; John W. Frost, Pleasantville, New York; Mrs. A. R. Hays, Gardiner; Mrs. Clement Robinson, Brunswick, Maine; Mrs. George A. White and Mrs. Hamilton B. Wood, Worcester, Mass., and Mrs. William F. Wyman, Augusta, Maine.

STANDS BY JANUARY LETTER ON POLITICS

NEW YORK, July 5—Gen. Dwight D. Eisenhower said tonight he "could not accept nomination for any public office."

He said in a statement that he "will not, at this time, identify myself with any political party and could not accept nomination for any public office or participate in partisan political contests."

Eisenhower, president of Columbia University, set forth his views in a memorandum to Robert Harrow, director of the university's division of public relations.

He said that his views "with respect to my proper course of duty are still identical with those presented in the letter I wrote on Jan. 23, 1948."

At that time he said in a letter to a New Hampshire Republican backing him for the party's 1948 Presidential nomination that "I am not available for and could not accept nomination to high political office."

Eisenhower, himself, was not present when tonight's statement was handed out.

In his statement, Eisenhower said that he would continue "subject to the pleasure of the university trustees" to perform his duties as president of the university.

The memorandum was distributed by Harrow to dozens of reporters and photographers who crowded his fourth-floor office in the university's Journalism Building.

Eisenhower's memorandum to Harrow said:

"I know that your office has for some days been overburdened with innumerable queries concerning my intentions in regard to the current political situation. My decisions and earnest convictions concerning possible personal connection with this year's political contests were given to the public several months ago, but it now appears that there has arisen a question as to whether or not I have changed my position.

"Profoundly touched by the renewed suggestions that I could satisfactorily fill high public office, my views with respect to my proper course of duty are still identical with those presented in the letter I wrote on Jan. 23, 1948."

It continued: "In response to any further queries as to my course of action during the foreseeable future, and in order that there may be no possible room for doubt in the mind of any interested American, will you please invite attention to the firm purpose expressed in my January letter and quote the following as coming personally from me:

"I shall continue, subject to the pleasure of the university trustees, to perform the important duties I have undertaken as president of Columbia. I will not at this time identify myself with any political party and could not accept nomination for my public office or participate in partisan political contests.

"This implies no intention of maintaining silence on any issue of importance to the country on which I may feel qualified to express any opinion."

CARD OF THANKS

We wish to express our sincere thanks and appreciation to our many friends, who were so very thoughtful of us during the death of our father, John H. Tomascik. For the lovely flowers, the choir, the ladies who brought food and the Green Funeral Home, we are truly grateful. The Tomascik Family.

Draftees Guaranteed Job Back When Their Training Period Ends

WASHINGTON, June 29. — Men going into the armed forces under the new draft law will be entitled to return to civilian jobs after their military services.

Their job guarantees will be similar to those of the World War II

draft act. If the draftee leaves a permanent job in private industry or the federal government he must apply to go back to the job within 90 days after completing his military duty.

A private employer will be required to return the man to his old job, or a similar one, without loss of seniority "unless the employer's circumstances have so changed as to make it impossible or unreasonable to do so."

The law says the man must be restored to his former job if he is still qualified to handle it. If he is not qualified because of a disability suffered in service, he must be given a job of similar pay and status.

He cannot be discharged without cause for a year after returning to work.

The reemployment section of the law applies also to men enlisting for not more than three years in the armed forces, and those called to active duty from the reserves for up to three years.

Gause Provides Home Entertainment For Young People

Communities that provide entertainment for their young people in these days of social distraction are making a major contribution to the welfare of the future leaders, so believe the senior citizens of Gause.

Not only do the citizens of Gause entertain good ideas about how to treat their young people, they have done something about it.

Some weeks ago a movement was started there to provide a field for soft ball and other games. Two weeks ago the field was completed, lighted and is now in operation with a weekly schedule of games.

From this effort are bound to stem other activities that will keep the young people at home and prove that it takes more than a smart sneer from social anarchists to rob the world of the influence of good, old home loving folks who know how to be clean and inspire their young.

The field was built by contributions from the people there and friends elsewhere. From one contributor a comment that "so long as young people are made to feel that home and the old home town is the basic place to develop life and character, the future of the nation is safe." To which Ge Walker, one of the prime factor in getting the field said: "Not only will our future be safe and secure but in my opinion, in time, the penitentiaries and prison systems can be closed down if we pay more attention to character building among our boys and girls. By providing the kind of entertainment we have done here in Gause we prove something important and that is we are friends of the young people and not the kind that send them away to other places where their environment is not always good."

Drunk Driving Here Brings Stiff Fine

George C. Mills on a plea that he was guilty of driving a car while intoxicated, was fined \$50.00 and costs of court in Judge Dan Tyson's court Wednesday.

Under these cases a person who drives while drunk has to surrender his drivers license also. Judge Dan Tyson has followed a practice set when he took office of imposing heavy fines in such cases.

Phosphate Core On Display At Herald; From Carlsbad, N. M.

A core from a phosphate drill is on display at The Herald plant.

This unusual site for this area was brought in by Frank J. Lucky of Cameron who recently moved here from Carlsbad, New Mexico. Mr. Lucky is with the Chamberlain Dairy.

Near Carlsbad is one of the largest

phosphate mines in the west. Here Mr. Lucky worked for a long time. More than a hundred products are made from phosphate, one of them fertilizer. The core is pink and has a salt taste.

Mr. Lucky brought a long section of this phosphate with him and has given the museum at The Herald a small section.

Mrs. Thelma Armstrong visited in Austin Sunday.

Clarkson H. D. Club

The Clarkson H. D. Club met Wednesday, June 16 at 2 p. m. in the home of Mrs. Joe Lackey with seven members and three visitors present.

In the absence of the president the vice president, Mrs. Emil Skupin called the house to order. A brief business meeting was held and the council delegate, Mrs. John Matyastik gave the council report.

This was to have been the agent's meeting, but had instead Mrs. Jewel Cleek who entertained us with a "Lady America" charm party.

The president of Travis H. D. Club, Mrs. Dodwell, who is a sister of the hostess, and her daughter, Mrs. McBride were present. Also Mrs. John Blasienz of Dallas, a former member of the club who plans on spending the summer in Clarkson and rejoining our club for that time.

For recreation, Mrs. Lackey prepared a puzzle which spelled "Lady America" and the prize for being the first to complete it was won by Mrs. Blasienz. For refreshments the hostess served a plate consisting of sandwiches, salads, pickles, potato chips, cake and cookies with iced tea.

While their mothers were holding the club meeting, the young son of the hostess, Ira Gene Lackey entertained his little friends with a birthday party celebrating his fifth birthday but in the back yard. He had refreshments including a birthday cake with five candles.

Oil Well Turns Out Salt Water

The Standard Oil Company's No. 1 Lucinda Green, a Milam county wildcat test in the W. D. Thompson survey, ran salt water with only a trace of oil in a four and one-half hour test yesterday.

The test was from the Edwards lime at 5,736-42 feet. The well will be plugged back to 5,698 feet, where 30 feet of oil was recovered in an earlier test.

Misses Gloria Triggs, daughter of Mr. and Mrs. Albert Triggs and Joan Cobb of Lubbock visited relatives of Miss Triggs and friends in Cameron for a few days last week.

Mrs. John R. Baldwin and children of Bay Town have returned to their home after an extended visit in Cameron with her father, Judge John Watson.

James Barrett of Ft. Worth was in Cameron a few days this week and attended the funeral of his grandfather, William H. Houston.

Strawberry Pop Corn On Exhibit

Believe it or not we now grow strawberry popcorn here.

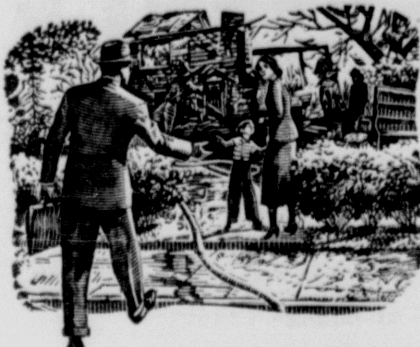

T. B. Moseley from Route 1 out of Cameron brought in three ears of this strange corn. The ears are round and deep red and resemble a ripe strawberry and is called Strawberry pop corn.

This corn is grown on mixed land near Salem. The ears are tiny compared to regular corn and have been seen by a number of people who visited The Herald.

Miss Nora Hailes of Buckholts was a welcome visitor in Cameron last week.

Mr. and Mrs. E. T. Summers of Cuero spent the past Sunday with Miss Alyce Kosel of Cameron.

Mr. and Mrs. Jim Coleman of Galveston spent the holidays in Cameron in the James L. Coleman home.

International Ring Exposed On Screen

Columbia's "To the Ends of the Earth", coming to the Cameron Theatre on Thursday is a motion picture of shocking impact, revealing the evil machinations of a world-wide crime ring that did a billion dollar business in violence, intrigue and sudden death. Starring Dick Powell and Signe Hasso, its dramatic story of exotic adventure and romance is based on hitherto secret files of the U. S. Treasury's Bureau of Narcotics Coast Guard and Customs.

Powell, a government operative on the trail of the ruthless Japanese skipper of a slave-ship, journeys to Shanghai. There, with secret opera-

begins a relentless search for the agents of the gang and for suspected contraband in the far cities of Cairo, Beyrouth and Havana. Finally, on a ship bound for New York, Powell springs his trap and apprehends the gang.

Reported to have the peak role of his career, Powell is said to be superb as the agent. Miss Hasso has a very provocative role as a woman of mystery, while Maylia, beautiful Chinese newcomer, Ludwig Donath, Vladimir Sokoloff and Edgar Barrier support the stars.

Clarence Davenport of Sandy Creek was in Cameron on Business Tuesday. He will be election manager at Sandy Creek for the July and August primaries.

CATTLE AUCTION IS SOUGHT FOR CAMERON

(From the Daily)

All persons interested in assisting in the establishing of a livestock auction ring in Cameron, are requested to meet in the Chamber of Commerce office, Wednesday, July 7 at 8 p. m. to discuss this project.

James N. Gallemore, Ft. Worth has contacted Chamber of Commerce officials and cattlemen in Cameron and has indicated that he is interested in putting in an auction ring in Cameron.

This is an important meeting and local interest must be shown before success can be expected.

Louis-Walcott Fight Film At Cameron Theatre Thursday

Fight fans are in for a real treat Thursday and Friday, July 8 and 9 at the Cameron Theatre when the Joe Louis-Joe Walcott heavyweight championship fight film is shown.

The film was rushed to the Theatre here for the first showing in this area.

The round by round, blow by blow fight film is a thriller. Louis defended his crown for the last time by knocking out Walcott in the eleventh round after the Jersey battler had flogged the Champion in the third round.

WE SERVE NOTICE ON RED RUSSIA TO-DAY

(From the Daily)

The United States served a crisp no-surrender notice on Russia to-day: we intend to stay in Berlin despite Soviet efforts to push us and the other western powers out.

Secretary of State Marshall issued the 89-word declaration from the hospital where he is under-going a physical checkup. He promised to "deal promptly" with questions raised by the Russian blockade of the former German capital.

Marshall's statement: "We are in Berlin as a result of agreements between the governments on the areas of occupation in Germany and we intend to stay."

"The Soviet attempt to blockade the German civilian population of Berlin raises basic questions of serious import with which we expect to deal promptly."

"Meanwhile, maximum use of air transport will be made to supply the civilian population. It has been found, after study, that the tonnage of foodstuffs and supplies which can be lifted by air is greater than had at first been assumed."

Diplomatic officials saw the pronouncement as a likely prelude to a strong three-power protest directly to Moscow against the Russian squeeze on the city's supply lines.

It appeared calculated also to (1) bolster the determination of the western allies, particularly France, to stand fast; and (2) to clear away any possible confusion resulting from the latest Russian hint that the block-

ade may be relaxed.

WASHINGTON, June 30. — The United States air force is trebling, for the time being at least, the number of B-29 superfortresses in Europe.

This announcement today followed closely the disclosure that the fighter force there is being doubled with the assignment of a wing of jet planes to the American zone of Germany.

American air strength thus is being bolstered in western Europe at the height of the western powers' struggle to keep their foothold in Berlin.

Mrs. Bernice Wallace spent Tuesday with her father, Oscar Story, who is a patient in Marlin Hospital. She was accompanied by Betty Jo Small.

YOUNG MEN REGISTER WITHIN SIX WEEKS

WASHINGTON, June 25— Local draft boards will begin registering men within six weeks and the first draftees may be in uniform by late September, Government officials said today.

Selective service machinery meshed into gear in the wake of President Truman's signing late yesterday of a 19-through-25 draft law. The President is expected to issue a registration proclamation shortly.

Mr. Truman also will appoint a national director of selective service as well as State directors. The top job probably will go to a Maj. Gen. Lewis B. Hershey, who supervised the drafting of millions of Americans during World War II.

Selective service officials estimate it will take about six weeks to set up the 4,000-odd boards throughout the country. Registration of men 18-through-25 will begin as soon as the boards are organized.

Under the 90-day clause in the new draft act, inductions can get under way Sept. 22. Actually, they could start earlier if the President should declare a national emergency.

Ordination Sunday At Lilac Baptist Church; Also Revival

At a recent business meeting the Lilac Baptist church made plans for a revival to begin July 2.

Rev. D. Shiplett, pastor, will do the preaching with Miss Thyra Leatherman, of the Donehoe Baptist church as pianist. J. J. Robbins of Holland will lead the singing.

Rev. Shiplett announced that services will be held at 10 a. m. and 8 p. m. each day of the meeting.

The church has arranged to have an ordination service Sunday, July 4 at 3 p. m. and Rev. Shiplett will be ordained.

The council will consist of Rev. W. Robbins and Bill Bell of Holland, Rev. Carl Matheas of Donehoe, Rev. L. L. Morris of Cameron and Rev. L. G. Raner of Granger.

Rev. Lee Lemons, pastor of First Methodist church who has been ill with a bad case of flu, is now well, and was in the pulpit of his church last Sunday both morning and evening.

Irene and Hazel Williams had as their guest their aunt, Mrs. Jim Skinner of Utopia a few days last week.

From where I sit ... by Joe Marsh

Will's Hospitality Isn't "Cracked"!

Ever since January, Will Dudley planned to give his living room that "new look"—planned to carefully refinish the woodwork and replaster the walls.

Every time Will got out the putty to start filling in the cracks, a neighbor stopped by to pass the time of day—and first thing you knew, there was a group of us helping Will do the job up right. After Will called a halt to the evening's work, we'd sit around the fire enjoying a friendly argument and a sparkling glass of mellow beer.

So Will's living room doesn't look like it did a year ago—but it's by far the most "livable" living room I know: A place you can always drop in for good talk, good beer, and a warm welcome.

From where I sit, so long as Will puts that atmosphere of hospitality and good fellowship ahead of everything else, we'll all be happy to help Will change the looks of his living room any time he wants.

Joe Marsh.

JOHN H. TOMASCIK IS BURIED MONDAY

John H. Tomascik, 71, died in St. Edwards Hospital in Cameron Saturday morning, July 3.

He had been ill for several weeks and under treatment in the hospital here.

Mr. Tomascik was born on August 28, 1877 in Williamson county. He had been a resident of the Buckholts community for the past 45 years or more.

Funeral services were held on Monday, July 5 at 3:30 p. m. from the Green Funeral Home with Rev. H. E. Beseda, Czech-Moravian Minister officiating. Interment was made in the Corinth Cemetery with the Green Funeral Home in Cameron directing arrangements.

Surviving are three sons and five daughters as follows: John, Mylus and Frank Tomascik of Buckholts, Miss Lydia, Miss Tricie, Miss Tillie Tomascik, Mrs. Ann Gresik, of Buckholts and Mrs. Rosie King of Sulphur Springs. One sister, Mrs. Annie Sefcik of Milano, survives and also 3 grand children.

Rosebud Is Pleased Over Bonds Voted For Right of Way

In the election to determine if the City of Rosebud should issue \$25,000 in bonds for the purpose of buying right-of-way through the City of Rosebud on Fifth street for Highway 77, the tax-paying qualified voters expressed their desire for the highway by a vote of 267 for to 69 against. The election was held Tuesday.

Highway Engineer D. C. Greer, in a telephone conversation Wednesday with J. R. Kilgore, stated that the Commission would act accordingly. When the question was put as to when work might begin Mr. Greer stated that the Highway Department had waited on Rosebud for a while, and that Rosebud would now have a period of waiting, of necessity. He did state that as soon as the paper work could be done, that the work would be begun.

The people who worked hard for the passage of the bond issue that would guarantee the highway through the city instead of by-passing it were gratified by the hearty support that was so evident by the good vote of more than three to one in its favor.

When the highway is completed it will be like new blood for Rosebud as compared with loss of blood which by-passing would be like. The bad gap in Falls county is one of the last in Highway 77, which runs from Canada to Brownsville, Texas.

Carl Butler was making arrangements Wednesday to move his property back. He is the first to start the movement. There is no immediate rush for this just now.— Rosebud News.

DICKIE SIMANK TAKEN TO HOSPITAL IN WACO

(From the Daily)

Dickie Simank, 6 year old son of Mr. and Mrs. Clarence Simank of Cameron was taken to the Childrens Hospital in Waco Wednesday afternoon.

Dr. John Lane Baskin told The Daily Herald that he was pretty certain that Dickie has polio since the diagnosis disclosed infection.

Dr. Baskin said that all patients who are thus affected are sent at once to the Crippled Childrens Hospital in Waco where a special section is set aside for treatment of Infantile Paralysis.

This is the third case in the current outbreak of Polio in Cameron. Reports indicated that Dickie is doing as well as could be expected at this stage of his illness.
